

Exkursion 1 „City“, Mittwoch, 10.07.2013, 14.00-18.00

Bei dieser Exkursion wurden die Studierenden per Zufall in verschiedene Gruppen eingeteilt und bekamen den Auftrag je eine U-Bahn-Linie von der Anfangs- bis zur Endhaltestelle zu benützen und an verschiedenen markanten Punkten auszusteigen und die Umgebung zu erkunden. Ziel dieser Exkursion war es, dass die Studierenden die lebensweltliche Mehrsprachigkeit in der Stadt Wien reflektierten. Die Ergebnisse wurden anschließend zwischen den Gruppen diskutiert und auf einem Plakat zusammengefasst. Ein Beispiel dieser Plakate finden Sie hier.

Excursion 1 "City", Wednesday, 10.07.2013, 14.00-18.00

For this excursion the students were randomly divided into different groups and were given the assignment to take a certain metro line from the first until the last stop and to get out at certain points and explore their surroundings. The target of this excursion was that the students reflect on life-world multilingualism in Vienna. Subsequently, the results were discussed in larger groups and summarized on a poster. Here you can find an example of these posters.
